Water Division
- 3: Paul De Falco, Jr.
Regional Administrator

We have received and reviewed the enclosed application from the California Department of Health, Public Health Division requesting that they be granted primary enforcement responsibility for public water systems in the State of California.

Our review has found that the Public Health Division has satisfied all statutory and regulatory requirements. We therefore recommend that the Public Health Division be granted primary enforcement responsibility, in accordance with the provisions of Section 1413 of the Safe Drinking Water Act (P.L. 93-523), and 40 CFR 142.10 of the National Interim Primary Drinking Water Regulations Implementation.

Attached for your signature and transmittal are the following:

1. A memo from the Regional Administrator, with concurrence by Regional Counsel, to the General Counsel transmitting California's application for primary enforcement responsibility, stating the Region's primacy determination, and requesting their concurrence.
2. A Federal Register notice announcing the determination of primary enforcement responsibility for the California Public Health Division (original plus three copies), to be transmitted with the memo to General Counsel.
3. A Public Notice and Press Release for the newspapers in California (after signature please return to Peter Perez, California Branch).
